

Issued: August 11, 2015

Program: Specialty Metals Endorsement (Welder)

To: ITA Training Providers
Articulation Chair
System Liaison Person
School Districts

Subject: **Program Name Change**

RE: **OPSN 2015 017**

Effective Date: Immediately

Summary: Discussions were held with industry and training providers regarding the title of the Welder Endorsement program, ***Specialty Metals***. It was decided that this title does not accurately represent the competencies within the Welder Endorsement.

A motion was passed at the Welder Articulation Committee meeting on June 2nd & 3rd 2015 to change the program title to:

Multi-Process Alloy Welding (MPAW)

This recommendation was tabled and approved at ITA's Standards Review Committee July 28th.

Effective immediately, Specialty Metals will be known as ***Multi-Process Alloy Welding (MPAW)***.
