

**Issued: June 19, 2017**

**Program: Industrial Electrician**

- To:** ITA Training Providers  
Articulation Chair  
System Liaison Person  
School Districts
- Subject:** **Industrial Electrician (IE) Recommendation for Certification (RFC) and Logbook Sign-off**
- OPSN No.:** **OPSN 2017 012**
- Effective Date:** June 19, 2017
- Summary of Change:**
1. Industrial Electrician Recommendation for Certification (RFC) list has been expanded to include individuals who hold the following credentials:
    - Electrician Certificate of Qualification
    - Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
  2. Logbook Sign-off Authority list has been expanded to include individuals who hold the following credentials:
    - Construction Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
    - Construction Electrician Certificate of Qualification
    - Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
    - Electrician Certificate of Qualification
- Rationale:**
1. The 'Electrician' designation is being added to the list of individuals permitted to sign off an RFC in recognition of Journeypersons whose Certificate of Qualification bears the historical BC trade name of 'Electrician'.
  2. Past restriction of the logbook signoff has had an impact on the ability of industry to hire apprentices and for apprentices to complete the logbook. By broadening the list of individuals qualified to sign off on the logbook, Journeyperson Electricians who supervise Industrial Electrician apprentices will now be permitted to sign off on their logbook competencies.

**Details:** An individual holding one of the following credentials may sign off on the logbook and the Recommendation for Certification for Industrial Electrician apprentices:

- Industrial Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
- Industrial Electrician Certificate of Qualification
- Construction Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
- Construction Electrician Certificate of Qualification
- Electrician Certificate of Qualification with Interprovincial Red Seal endorsement
- Electrician Certificate of Qualification

The logbook posted on ITA's Industrial Electrician webpage has been updated to reflect these changes. No other changes to logbook content have been made. Existing logbooks will continue to be valid and may be signed off by the expanded list of individuals.
