

CONSTRUCTION ELECTRICIAN

THIS BC PROGRAM HAS BEEN HARMONIZED AND IS BASED ON RSOS 2015

Occupation Description

Construction Electricians plan, design, assemble, install, alter, repair, inspect, verify, commission, connect, operate, maintain and decommission electrical systems. Electrical systems provide heating, lighting, power, alarm, security, communication and control in residential, commercial, institutional, industrial, transportation, marine and entertainment environments.

For detailed information on the scope of knowledge and skills taught and assessed in this program refer to the Program Outline, available on the SkilledTradesBC website.

Pathways to Certification

In BC, an individual can become certified as a Construction Electrician by completing the Construction Electrician program or by challenging the certification. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Youth can begin an apprenticeship in high school through the Youth Train in Trades or Youth Work in Trades programs. The Youth Work in Trades program is available for any trade if an employer is willing to sponsor the student. Trades offered through the Youth Train in Trades vary by region; contact your local school district to find out which technical training programs are being offered through the Youth Train in Trades program in your region.

Foundation programs, where available, provide adults and youth who do not have work experience or employer sponsorship with an opportunity to gain the knowledge and skills needed to enter the occupation. Individuals who wish to enroll in a Foundation program must register directly with the training provider.

Recommended Education

The following education is **recommended** for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Recent Grade 12 graduate (within the past 5 years) with demonstrated mechanical aptitude, and:
 - Principles of Mathematics 11 or 12, Pre-calculus 11 or 12, or equivalent
 - English 12 or Communications 12
 - Physics 11 or 12

OR

- Recent Electrical Foundation Program Graduate (ELTT within the past 5 years) of an SkilledTradesBC approved program.

Industry strongly recommends that apprentices considering attending Level 1 Construction Electrician technical training have at least one year of work-based training as an electrical apprentice before beginning their in-school technical training.

**SkilledTradesBC Registration**

Individuals who wish to begin an apprenticeship in this program must register with SkilledTradesBC along with their sponsor. Application forms for all programs are available from the SkilledTradesBC website. Online registration is also available for most programs through the SkilledTradesBC website.

Those who wish to challenge the Construction Electrician certification must complete the Construction Electrician Challenge Application and submit it to SkilledTradesBC. Challenge applications are assessed for proof of workplace hours and scope of experience prior to acceptance of the individual into the Challenge pathway.

Skilled Trades Certification

Trade workers in a trade designated as Skilled Trades Certification (STC) are required to hold certification in the trade, be registered as an apprentice, or have an approved Temporary Authorization. More information can be found at www.skilledtradesbc.ca

Apprenticeship Pathway with Optional Endorsement

This graphic provides an overview of the Construction Electrician apprenticeship pathway.

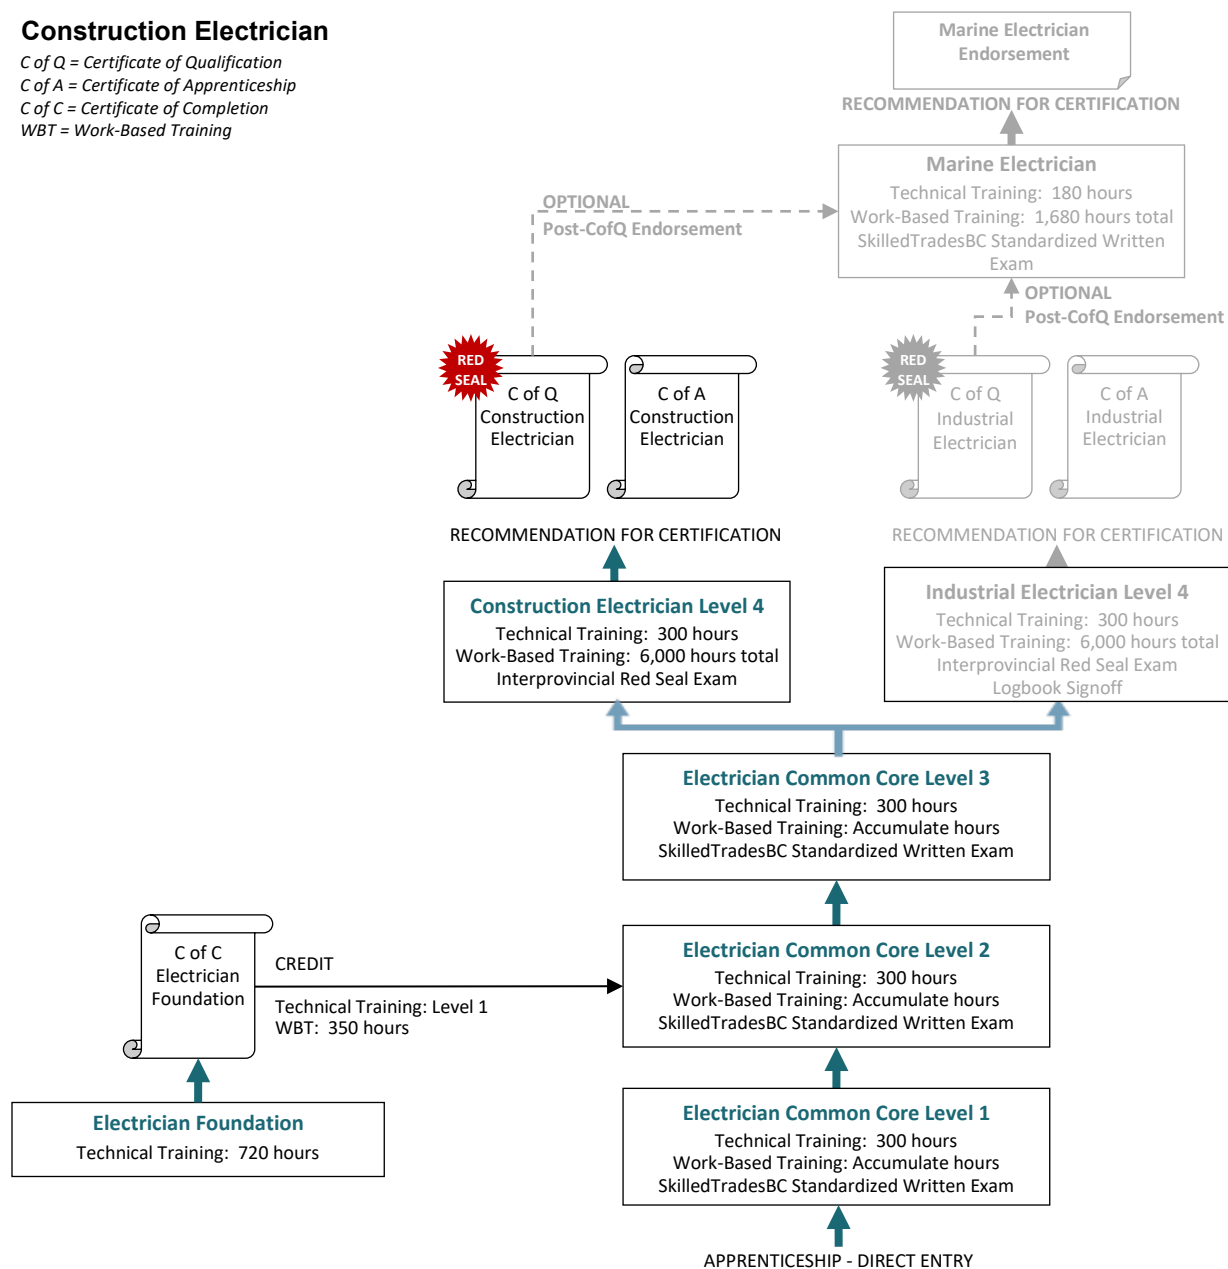

Construction Electrician

C of Q = Certificate of Qualification

C of A = Certificate of Apprenticeship

C of C = Certificate of Completion

WBT = Work-Based Training

CROSS-PROGRAM CREDITS

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

Apprenticeship Program Standards

Credentials Awarded

- Construction Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement
- Construction Electrician – Certificate of Apprenticeship

SkilledTradesBC Registration Prerequisites

- Agreement signed by the employer to sponsor the apprentice

Completion Requirements

Certification as a Construction Electrician is awarded upon successful completion of:

Requirement

Level of Achievement Required

Technical Training

Minimum 70% in each level of technical training:

- Electrician Common Core Level 1: 300 hours and SkilledTradesBC Standardized Written Exam
- Electrician Common Core Level 2: 300 hours and SkilledTradesBC Standardized Written Exam
- Electrician Common Core Level 3: 300 hours and SkilledTradesBC Standardized Written Exam
- Construction Electrician Level 4: 300 hours

Interprovincial Red Seal Exam

- Minimum 70%

Work-Based Training

- 6,000 hours

Recommendation for Certification

- Recommendation for certification signed by the Sponsor and an individual holding credentials eligible for sign-off authority

Program Duration

Duration varies depending on how training is delivered, but the program generally takes 4 years to complete.

The technical training requirement is typically met through block-release training (full-time, at school) delivered by a SkilledTradesBC-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.

Sign-off Authority

Credentials eligible to sign-off on the Recommendation for Certification:

- Construction Electrician – Certificate of Qualification with Interprovincial Red Seal Endorsement
- Construction Electrician – Certificate of Qualification
- Industrial Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement
- Industrial Electrician – Certificate of Qualification
- Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement
- Electrician – Certificate of Qualification
- Uncertified Experienced Worker with a valid and active Temporary Authorization issued from SkilledTradesBC

Apprenticeship Program Standards

Challenging a Level

The following levels of technical training can be challenged for advanced placement in this program. Note that there are eligibility requirements to challenge a level as this program falls under Skilled Trades Certification.

Level

- Common Core Level 1
- Common Core Level 2
- Common Core Level 3

Skilled Trades Certification Supervision Ratio

The ratio of apprentice to journeyperson is 2:1. This applies to apprentices in Levels 1, 2 and 3. Apprentices in Level 4 are exempt from the ratio.

A Level 4 apprentice is defined as someone who has:

- Successfully completed Technical Training requirements for Levels 1, 2, and 3.
- Recorded at least 4,500 hours of Work Based Training.

Cross-Program Credits

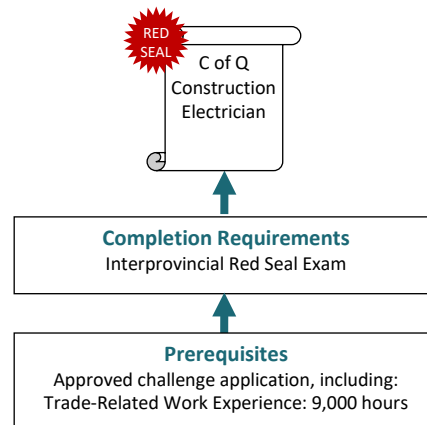

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

Credential	Credit(s) Granted
Industrial Electrician – Certificate of Qualification	<ul style="list-style-type: none"> ▪ Technical Training: Level 1, 2 & 3 ▪ Work-Based Training: 4,500 hours
Industrial Electrician – Level 1 & 2 Technical Training	<ul style="list-style-type: none"> ▪ Technical Training: Level 1 and 2 ▪ Work-based Training: None
C of A (Issued in BC prior to February 2006) in any of the following: <ul style="list-style-type: none"> ▪ Marine Electrician ▪ Industrial Electrician ▪ Neon Electrician ▪ Construction Electrician 	<ul style="list-style-type: none"> ▪ Eligible to apply for a Certificate of Qualification without examination (Note: Red Seal endorsement granted only with successful challenge of the Interprovincial Red Seal exam)

Challenge Pathway

C of Q = Certificate of Qualification

CREDIT FOR PRIOR LEARNING

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

Challenge Program Standards

Credentials Awarded

Construction Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement

SkilledTradesBC

Registration Prerequisites

An approved Challenge Application, which includes:

- 9,000 documented hours of directly related experience working in the occupation

Credit for Prior Learning

Individuals who hold the credentials listed below are considered to have met, or partially met, the prerequisites for challenging this program:

Credential

Credit(s) Granted

Military certificate in Electrical Distribution Technician MT #302 / MT #642, QL5 or higher

- Work Experience: 3,000 hours

Industrial Electrician – Certificate of Qualification

- Work Experience: 6,000 hours

Completion Requirements

Certification as a Construction Electrician is awarded upon successful completion of:

Requirement

Level of Achievement Required

Interprovincial Red Seal Exam

- Minimum 70%

Foundation Program

Refer to the Apprenticeship pathway diagram for this program to see how the Electrician Foundation program leads to apprenticeship in this trade.

Foundation Program Standards

Credentials Awarded Electrician – Certificate of Completion

Enrollment Prerequisites Contact training provider. Prerequisites vary between training institutions

Completion Requirements A Certificate of Completion in this program is awarded upon successful completion of:

Requirement

Level of Achievement Required

Technical Training

- Minimum 70%

Program Duration

Duration varies depending on how training is delivered, but program generally takes 720 hours to complete

Credit toward Apprenticeship

Individuals who complete the Electrician Foundation program will receive the following credit toward completion of the Construction Electrician apprenticeship program:

- Technical Training: Level 1 Electrician Common Core
- Work-based Training: 350 hours

Marine Electrician Endorsement Program

Refer to the Apprenticeship pathway credentialing model for this program to see how the Marine Electrician Endorsement program fits into the apprenticeship pathway for this occupation.

Marine Electrician Endorsement Program Standards

Credentials Awarded

- Marine Electrician Endorsement

SkilledTradesBC

Registration Prerequisites

- Agreement signed by the employer to sponsor the apprentice
- Certificate of Qualification with Red Seal Endorsement in a qualifying trade:
 - Construction Electrician OR
 - Industrial Electrician

Completion Requirements Certification as a Marine Electrician is awarded upon successful completion of:

Requirement	Level of Achievement Required
Technical Training	Minimum 70% in each level of technical training: <ul style="list-style-type: none"> ▪ Level 1: 180 hours
SkilledTradesBC Standardized Written Exam	<ul style="list-style-type: none"> ▪ Minimum 70%
Work-Based Training	<ul style="list-style-type: none"> ▪ 1,680 hours
Recommendation for Certification	<ul style="list-style-type: none"> ▪ Recommendation for certification signed by the Sponsor and an individual holding credentials eligible for sign-off authority

Program Duration

Duration varies depending on how training is delivered, but the program generally takes 1 year to complete.

The technical training requirement is typically met through block-release training (full-time, at school) delivered by an SkilledTradesBC-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.

Sign-off Authority

Credentials eligible to sign-off on the Recommendation for Certification:

- Construction Electrician – Certificate of Qualification with Red Seal endorsement
- Industrial Electrician – Certificate of Qualification with Red Seal endorsement
- Marine Electrician Endorsement holders

Challenging a Level

The following levels of technical training can be challenged for advanced placement in this program

- None

Cross-Program Credits

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

- None
