

GASFITTER – CLASS A

Occupation Description

Gasfitters – Class A design, install, test, adjust, maintain and repair lines, appliances, equipment and accessories in various sectors. Fuels may include natural gas, manufactured gas, liquefied petroleum gas, digester gas, landfill gas, biogas or a mixture or dilution of any of these gases and Hydrogen and fuel oils. Appliances and equipment include those exceeding 400 000 Btuh (British Thermal Units per hour) or 120 kW (kilowatts) such as boilers, burners, makeup air units, furnaces, process burners, and various other gas-fired equipment.

For detailed information on the scope of knowledge and the skills taught and assessed in this program refer to the Program Outline available on the SkilledTradesBC website.

Pathways to Certification

In BC, an individual can become certified as a Gasfitter – Class A by completing the Gasfitter - Class A program or by challenging the Red Seal certification. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Note: To work in this trade in BC, it is also necessary to pass the relevant Technical Safety BC (TSBC) Gasfitter – Class A certification exam to achieve the TSBC Gasfitter - Class A Certificate of Qualification or “license.” For more information, please visit the [TSBC website](#).

Recommended Education

The following education is **recommended** for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Grade 12 diploma including:
 - English 12,
 - Math 11 (Applications of Math 11 or Principles of Math 11), and
 - Physics 11

Due to the high level of skill required in Math and Physics for the Gasfitter – Class A program, industry and instructors **strongly advise apprentices to upgrade their Math and Physics skills** prior to registration for technical training in this program.

SkilledTradesBC Registration

Individuals who wish to begin an apprenticeship in this program must register with SkilledTradesBC along with their sponsor. Application forms for all programs are available from the SkilledTradesBC website. Online registration is also available for most programs through the SkilledTradesBC website.

Skilled Trades Certification

Trade workers in a trade designated as Skilled Trades Certification (STC) are required to hold certification in the trade, be registered as an apprentice, or have an approved Temporary Authorization. More information can be found at www.skilledtradesbc.ca.
