Subject **Interprovincial Red Seal Exams**

From ITA Program Standards

Effective Date October 26, 2018

Information The Interprovincial Red Seal exams for the Steamfitter/Pipefitter trade have been updated in accordance with the 2015 Red Seal Occupational Standard (RSOS) and are ready for implementation.

Level 4 classes beginning on or after **October 26, 2018** will write the updated exam.

For details on the Interprovincial Red Seal exam weighting please refer to:

Interprovincial Red Seal Exam (Final Level) Certification exam results are **not** blended with in-school technical training results in the final level of the program. Certification exams remain a stand-alone program completion requirement.

In order to achieve certification, apprentices are required to write the Interprovincial Red Seal exam after their final level of technical training.

To be eligible to write the Red Seal exam, apprentices must have passes all levels of in-school technical training. Red Seal exams are requested by training providers via the usual ITA procedure. A score of 70% or greater is required for a pass on Interprovincial exams.

ITA administers and invigilates the certification exams and records exam results in ITA Direct Access.
