To qualify to challenge certification in this trade or be granted authority to supervise and sign-off on apprentices in this trade, individuals must have:

- worked a minimum of **6,840 hours** performing the tasks listed in Section E, and
- experience performing at least **70**% of the job tasks listed in Section E

A Statutory Declaration of Work Experience is used to declare work experience for periods during which you were self-employed or a previous employer is unavailable to complete an Employer Declaration. Please note that unless your work experience hours were gained through self-employment, Certification Challenge and Supervision and Sign-Off Authority applications will not be accepted if they are only accompanied by a Statutory Declaration. Non-self-employed applicants must provide an Employer Declaration from at least one employer who can verify work experience. For more information, see **Instructions for Certification Challenge or Supervision and Sign-off Authority**.

The information provided on this form is used to assess and to validate your work experience in this trade.
