

SKILLEDTRADESBC BYLAW

Bylaw: Foundation Industry Training Programs

Bylaw Number: B1003

Definition:

A Foundation Industry Training Program is one that has been approved by the SkilledTradesBC Board of Directors and is consistent with the SkilledTradesBC policy “Criteria for Approving Foundation Industry Training Programs”. These programs are focused primarily on knowledge of essential skills needed to gain entry into a particular occupation, include minimal employment-based training, integrate with existing *Accredited* and *Recognized Industry Training Programs*, and successful completion results in the issuance of a *Certificate of Completion*.

Entry Programs:

The following are Foundation Industry Training Programs: ¹

1. Appliance Service Technician Foundation
2. Auto Body and Collision Technician Foundation
