

HEAVY EQUIPMENT OPERATOR

Occupation Description

“Heavy Equipment Operator” means a person who operates heavy machinery universally for all manner of heavy construction, earth moving, road building, mining, and forestry projects. Certified operators may also be responsible for basic maintenance of equipment, safety around equipment and the compliance of (following protecting) markers, grades and stakes.

For detailed information on the scope of knowledge and skills taught and assessed in this program refer to the Program Outline, available on the SkilledTradesBC website.

Pathways to Certification

In BC, an individual can become certified as a Heavy Equipment Operator by completing the Heavy Equipment Operator program or by challenging the certification. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Youth can begin an apprenticeship in high school through the Youth Train in Trades or Youth Work in Trades programs. The Youth Work in Trades program is available for any trade if an employer is willing to sponsor the student. Trades offered through the Youth Train in Trades vary by region; contact your local school district to find out which technical training programs are being offered through the Youth Train in Trades program in your region.

Foundation programs, where available, provide adults and youth who do not have work experience or employer sponsorship with an opportunity to gain the knowledge and skills needed to enter the occupation. Individuals who wish to enroll in a Foundation program must register directly with the training provider.

Recommended Education

The following education is recommended for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Grade 10 or equivalent, including English 10 and Math 10

SkilledTradesBC Registration

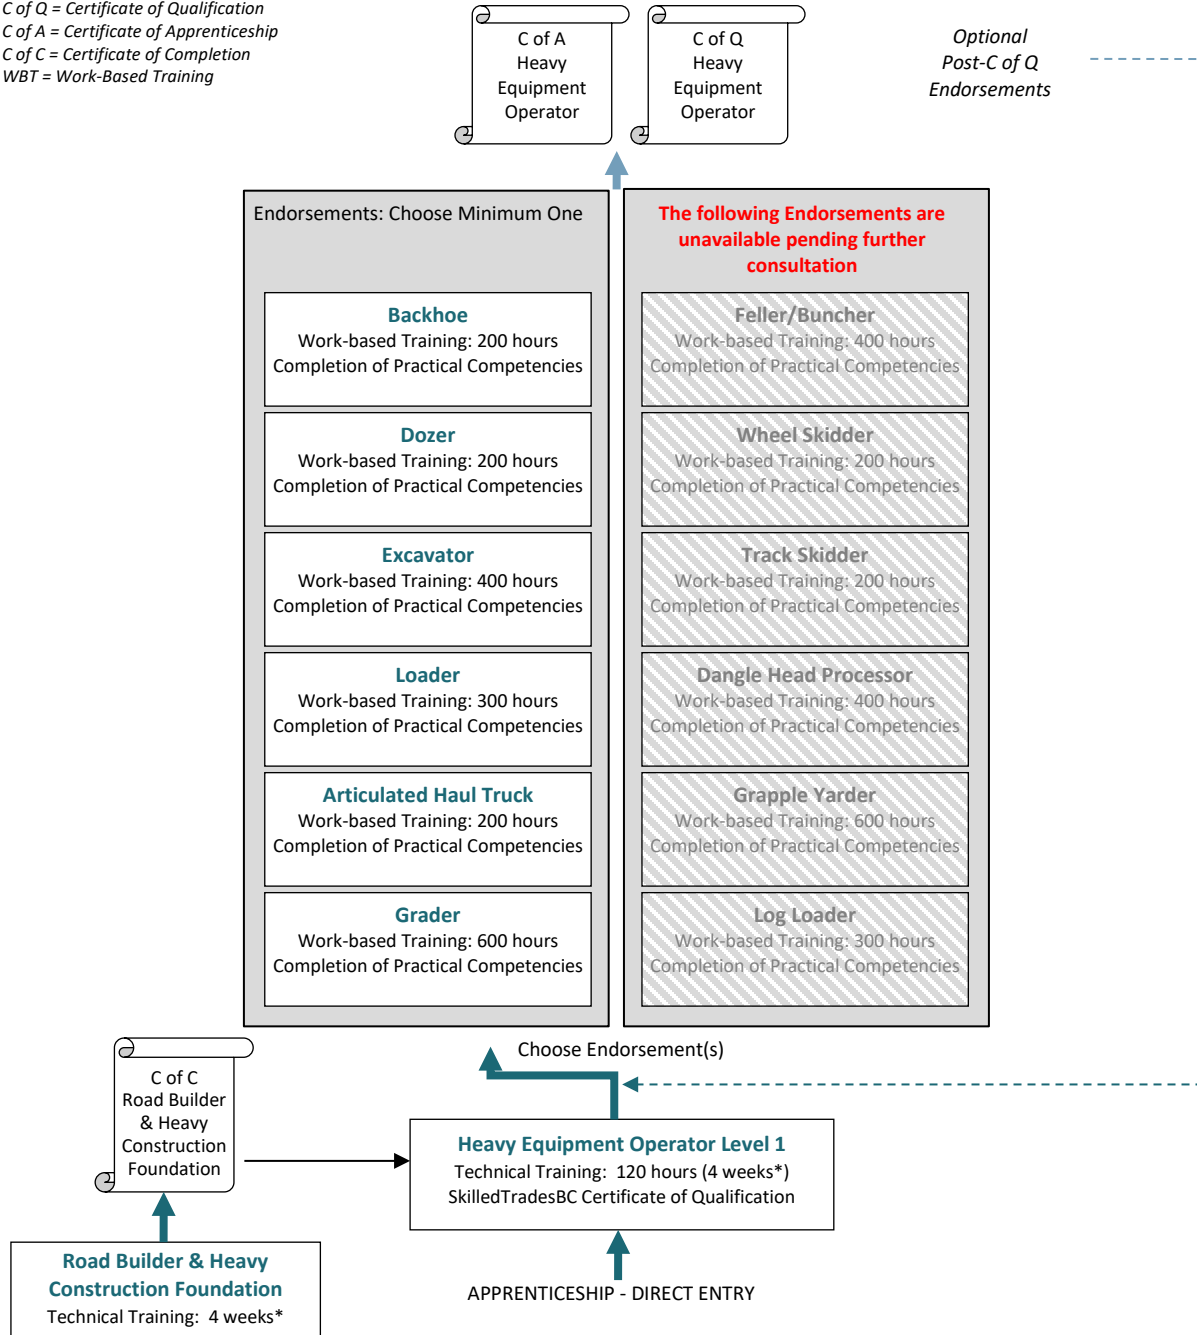

Individuals who wish to begin an apprenticeship in this program must register with SkilledTradesBC along with their sponsor. Application forms for all programs are available from the SkilledTradesBC website. Online registration is also available for most programs through the SkilledTradesBC website.

Those who wish to challenge the Heavy Equipment Operator certification must complete the Heavy Equipment Operator Challenge Application and submit it to SkilledTradesBC. Challenge applications are assessed for proof of workplace hours and scope of experience prior to acceptance of the individual into the Challenge pathway.

Apprenticeship Pathway

This graphic provides an overview of the Heavy Equipment Operator apprenticeship pathway.

*C of Q = Certificate of Qualification
C of A = Certificate of Apprenticeship
C of C = Certificate of Completion
WBT = Work-Based Training*

*Suggested duration based on 30 hour week

<ul style="list-style-type: none"> ▪ Articulated Haul/Rock Truck ▪ Backhoe ▪ Dozer ▪ Excavator ▪ Loader ▪ Grader 	<ul style="list-style-type: none"> ▪ Work-based Training: 200 hours ▪ Work-based Training: 200 hours ▪ Work-based Training: 200 hours ▪ Work-based Training: 400 hours ▪ Work-based Training: 300 hours ▪ Work-based Training: 600 hours
The following Endorsements are unavailable pending further consultation	
<ul style="list-style-type: none"> ▪ Feller/Buncher ▪ Wheel Skidder ▪ Track Skidder ▪ Dangle Head ▪ Grapple Yarder ▪ Log Loader 	<ul style="list-style-type: none"> ▪ Work-based Training: 400 hours ▪ Work-based Training: 200 hours ▪ Work-based Training: 200 hours ▪ Work-based Training: 400 hours ▪ Work-based Training: 600 hours ▪ Work-based Training: 300 hours

(Additional endorsements may be earned after certification has been awarded, and added to the original Certificate of Qualification.

Program Duration

Duration varies depending on how the training is delivered, but the program generally takes one year to complete.

The technical training requirement is typically met through block-release training (full-time, at school) delivered by a SkilledTradesBC-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.
