Details: The Interprovincial Red Seal exam is a summative assessment intended to test an apprentice's trade knowledge gained through both on-the-job experience and technical training. Exam questions are developed by certified trade worker subject matter experts (SMEs) as well as instructors and are intended to reflect trade practices in Canada. The exams are edited, translated, and peer reviewed by additional SMEs before they are implemented. The exams are developed to test the sub-tasks of the most recent Red Seal Occupational Standard.

The Plumber 2023 RSOS can be downloaded here: [Red Seal Occupational Standard - Plumber](#)

A comparative analysis of the sub-task changes from the previous standard can be found on the SkilledTradesBC trade page ([Plumber | SkilledTradesBC](#)).
